Assumptions and conditions

General program information

A minimum of two eligible employees must be enrolled in the program at all times. The employer must have 50+ employees on a worldwide basis (although only two need to be eligible for this product). The policy must be delivered to a U.S. address. The plan design choices are made at the employer level and will apply to all employees enrolled in the program. Medical coverage is mandatory, but Dental, Life/AD&D, LTD, and evacuation/repatriation are optional.

Eligibility

Eligible dependents include the employee's lawful spouse and children under age 26. Dependents who live in the U.S. or in the employee's country of permanent residence are eligible for coverage, provided that the employee is domiciled outside the U.S.

Effective dates

The program's effective date is the first day of the month. Individual coverage becomes effective either on the date the program takes effect or on the date the employee commences employment. An employee will become insured on the date they become eligible, if the employee is in active service on that date, or if the employee is not in active service on that date due to their health status. However, the employee will not be insured for any loss of life, dismemberment or loss of income coverage until they are in active service.

COBRA

For employers required to offer continuation of coverage (COBRA) under U.S. federal law, coverage is available to eligible employees and dependents if coverage is lost due to a qualifying event.

Contributions

Life and AD&D coverages are noncontributory and require 100% participation, Medical, Dental and LTD coverages may be either contributory or noncontributory. Noncontributory coverage requires 100% participation and contributory coverage requires a minimum of 75% participation.
