PRE-EXISTING CONDITIONS

After 6 months of continuous coverage, StudentSecure Elite and StudentSecure Select will provide benefits for pre-existing conditions (12 months for StudentSecure Budget).

Pre-existing condition means any injury, illness, sickness, disease, or other physical, medical, mental, or nervous disorder, condition, or ailment that, with reasonable medical certainty, existed at the time of application or at any time during the 12 months prior to the effective date of this insurance, whether or not previously manifested, symptomatic or known, diagnosed, treated, or disclosed to us prior to the effective date, and including any and all subsequent, chronic or recurring complications or consequences related thereto or resulting or arising therefrom.

Note: StudentSecure Smart does not provide coverage for expenses related to pre-existing conditions except as provided for under the Acute Onset of a Pre-Existing Condition benefit described below.

ACUTE ONSET OF A PRE-EXISTING CONDITION

Individuals who purchase a StudentSecure plan have coverage for the acute onset of a pre-existing condition (up to the \$25,000 lifetime maximum). The Acute Onset of Pre-existing Condition benefit will apply only if, at the time of the acute onset of a pre-existing condition, all of the following conditions are met:

- a) The acute onset of a pre-existing condition does not directly or indirectly relate to a chronic condition or congenital condition; and
- b) Treatment must be obtained within twenty-four (24) hours of the sudden and unexpected outbreak or reoccurrence; and
- c) You must not be traveling against or in disregard of the recommendations, established treatment programs, or medical advice of a physician or other healthcare provider; and
- d) You must not be traveling with the intent or purpose to seek or obtain treatment for the pre-existing condition; and
- e) You must be traveling outside your home country

HOME COUNTRY COVERAGE

You must have purchased three months of coverage for the Incidental Home Country Coverage to be in effect.

For individuals with U.S. as home country, for every three-month period during which the member is covered hereunder, medical expenses incurred in the U.S. are covered up to a maximum of 15 days.

For individuals with a home country other than the U.S., for every three-month period during which the member is covered hereunder, medical expenses incurred in the member’s home country are covered up to a maximum of 15 days.

Any benefit accrued under a single three-month period does not accumulate to another period. Failure of the member to continue his or her international trip or the member returning to their home country for the sole purpose of obtaining treatment for an illness or injury that began while traveling shall void any incidental home country coverage.

BENEFIT PERIOD MEDICAL COVERAGE

While the certificate is in effect, the benefit period does not apply. Upon termination of the certificate, including when you return to your home country, the benefit period applies for up to 60 days only to eligible medical expenses directly related to an injury or illness that was diagnosed or treated while the certificate was in effect. The benefit period begins on the first day of diagnosis or treatment of a covered injury or illness made while you are outside your home country. The benefit period applies whether or not you return to your home country.

EXTENDING OR RENEWING COVERAGE

You may renew your coverage as long as you continue to meet the eligibility requirements. Renewal may be

completed within the last six months of a certificate period. Coinsurance must be re-satisfied as of each renewal date. After four years of continuous coverage or any break in coverage, a new plan must be purchased. A new application is required, and you must re-satisfy your coinsurance, pre-existing condition provisions, and all other benefit limits. Extensions and renewals must be made online with payment by credit card.
